

## IN TOUCH WITH TEXTURE

*Watermark Design's Touch 27 lavatory faucet adds innovative flair to minimalist designs!*

*Touch 27 Lavatory Faucet*

(Brooklyn, New York — March 24, 2008) Watermark leads the industry once again with the new Touch 27 lavatory faucet, a dramatic expression of impeccable style, while still keeping their commitment to the green movement. Touch 27 features sleek, modern lines with a unique hammered accent at its base, rendering it an avant-garde minimalist work of art.

Creating a faucet that is not only beautiful but an environmentally wise choice was pivotal for both Watermark and Clodagh Signature. The Touch 27 series comes standard with a 1.5 gpm aerator for faucets and a 1.5 water-saving shower adapter, which reduces the flow of water.

Based on feng shui and in combination with environmentally friendly materials and art finishes, Clodagh Signature integrates natural elements into each project fusing a respect for the ancient with a clean, sleek modernism to create a milieu that is truly timeless, life enhancing, sensual and low maintenance. The Touch 27 embodies all this and more creating an environment that celebrates the "experience of living".

In addition to choosing from 35 stunning finishes, you can select a handle style to create your desired look. Choose from a lever, cross or knob type handle. The faucet ranges from \$1,056 to \$1,353, depending on finish and handle chosen. As always, all Watermark faucets are backed by a lifetime warranty on valves and finishes.

Touch 27 joins an already distinctive collection of Watermark products. From the simply elegant to the dramatically exotic, Watermark offers a full line of beautiful faucets, bath accessories, lighting fixtures, decorative hardware, vanities, mirrors and bath furniture... everything anyone could possibly need to create a beautiful yet environmentally conscious bathroom design. With Watermark, it's all about an evolving style and the ability to change our thinking for the betterment of the country as a whole.
